

## A Chronology of the Civil War in Arkansas: Date, Battles, Skirmishes, Etc.\*

A **battle** is a prolonged combat involving large armies. An **engagement** may be a general encounter between armies, or a minor encounter between smaller forces. A **skirmish** is a small encounter usually incidental to a larger military movement, while an action stresses the idea of active, frequently sharp, offensive and defensive movements. The term **affair** simply means a fight.

Reconnaissance, expedition, and scout are similar in meaning. A **reconnaissance** is an examination of a territory to gain information; a scout is much the same; and an **expedition** is a journey for a specific purpose. An **operation** is a complete military action or mission of some kind. A **demonstration** is an exhibition of force, and a **siege** is a continued attempt to gain possession of a place.
